Statement on Regulation (EG) No. 1907/2006 REACH

Dear Sir or Madam:

We would like to thank you for your written inquiry into compliance with regulation (EG) No. 1907/2006 (REACH) and wish to inform you of the following:

We will comply with the requirements of the REACH regulation.

However, taking into consideration the pre-registration period that ended only at the close of 2008 and the subsequent registration period, we are unable to make any concrete statements at this time.

As we are supplying you with commodities from which substances cannot be released in quantities that would require them to comply with REACH, these products will most probably result in no obligations with respect to REACH. There is therefore no need to replace or, indeed, discontinue any specific products.

Yours sincerely,

Sommer-automatic GmbH & Co. KG

Andreas Starck
