

murua®

gold
silver&brass
universal

New concept of Multi-machine system for electropolishing technology with automatic process.

Gold and **Silver&Brass** alloys can be process in the same machine with different liquids. Easy Gold recovery process with 95% metal back. Big pieces and small pieces can be process in **Murua** with a great finishing. The best solution for the best Goldsmith.

murua^{gold}

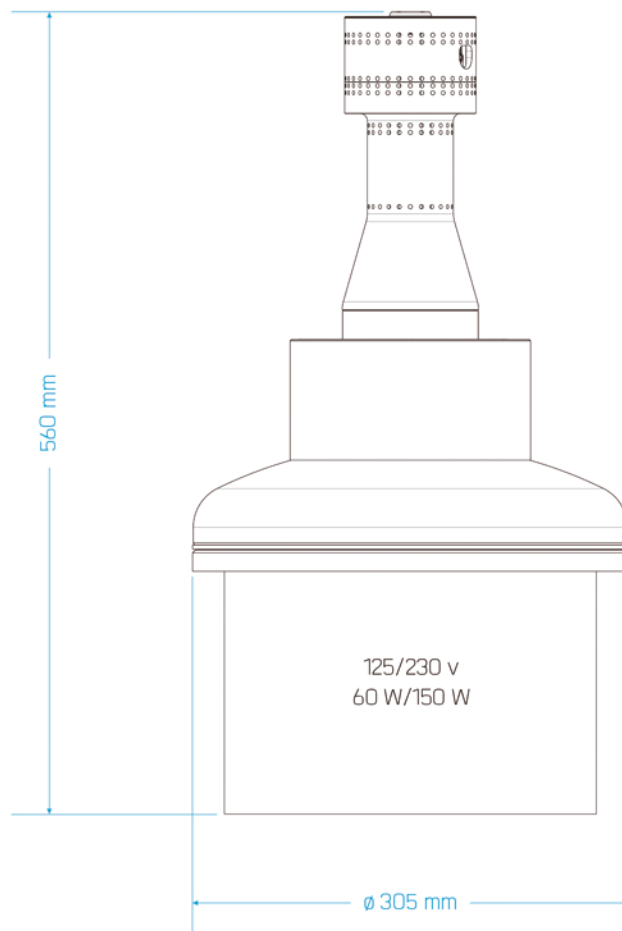

Model:	Gold
Machine dimensions:	305 (ø) x 560 mm
Machine weight:	12 Kg (without liquid)
Voltage:	12 V 12.5 A (transformer)

murua^{silver&brass}

Model:	Silver&Brass
Machine dimensions:	305 (ø) x 560 mm
Machine weight:	12 Kg (without liquid)
Voltage:	12 V 12.5 A (transformer)

murua^{universal}

Model:	Universal
Machine dimensions:	305 (ø) x 560 mm
Machine weight:	12 Kg (without liquid)
Voltage:	12 V 12.5 A (transformer)
