INTO denim are 8 new trend colours under the label 'Architects' selection': the trendiest colours and designs that perfectly match the desires of architects, interior designers and consumers.

slim slate

Few things are as classic and versatile as denim. The perfect inspiration to develop a range of screens that is here to stay! Meet **slim slate**, the lightest shade in this contemporary collection. A perfect match with other colours and materials.

casual corn

Did you know the word denim comes from 'de Nimes' (from Nimes), the French town where the fabric was said to be first made. **Casual corn** reminds us exactly of the light and atmosphere of southern France. Now you can bring some French 'joie de vivre' into your home!

straight grey

Don't be fooled by its name. **straight grey** is anything but dull! The denim weaving gives a modern twist to a classic colour. A future-proof choice if you ask us.

mineral fit

Generation after generation, denim has remained a prominent part of fashion. Fashionable; that's exactly what **mineral fit** is. A bright, vivid colour that will catch everyone's attention. Dare to make a statement!

skinny cream

Can't choose between grey or brown?
Why would you? Go for **skinny cream**.
A perfectly balanced shade for anyone
wanting a trendy, yet warm look and feel.
The best of both worlds.

aqua boot

Want a fresh shade to protect you from the sun? If you go for **aqua boot**, your house will not only feel cool inside, it will also appear so from the outside. You can almost feel the sea breeze.

coral rise

Take a bold step in a new colour direction with tones from the warm side of the colour spectrum. **coral rise** reflects one of the eye-catching shades of orange that splashes across the early-morning skies. The start of a new day, full of opportunities.

wide wave

Jeans aren't just for cowboys anymore; they're also worn by supermodels, farmers, presidents, and housewives. There's a pair of blue jeans in almost everyone's wardrobe. **wide wave** is an ode to this iconic piece of clothing and an absolute must in our collection.
