## Promens Lidköping and Stjørdal

At Promens Lidköping and Stjørdal, we are committed to producing packaging solutions for dairy, food and vending industry. Our process is thermoforming and mainly in polystyrene (PS).

All products are Normpack certified. The Promens plants are ISO 9001 and 14001 certified. Promens Lidköping and Stjørdal has a long history as a packaging supplier and has a great knowledge and skills to exceed all expectations from our customers.

## Cups and Cutlery

- Wide range of sizes of cups and lids
- Maximised branding with offset printing and in mould labelling (IML)
- Custom designed cups, lids and cutlery
- Private label possibilities
- The recyclable cups, lids and cutlery are made of polystyrene (PS) and polypropylene (PP)
- UV-light protection possibilities and fat resistant inside layer in PETG
- Cup dimensions are available in 100-500 ml and Ø75-95 mm
- Duo cups are available in different heights, materials and printing techniques
- Wide range of colours of cutlery
