Delipack

Spoons

Trays

Sealing Machines

Sealing films

Technical service

The trays are made of High Density Polyethylene (HDPE), one of the most environmental friendly plastics.

All the trays can be recycled.

When fully incinerated it reduces to Carbon Dioxide (CO₂) and water vapour (H₂O).

Trays are available in sizes from 120 ml. to 24 litres, and in many colours.

Suitable for vacuum, modified atmosphere packaging (MAP), sterilization, pasteurization, cooling and deep freezing. Reheating in microwave oven, hot air or hot water.

Temperature resistance:
from +50 °C to +121 °C.

All trays can be made in light weight upon request.
