

Excellence drop by drop

Our Company

From 1971, the **J. Huesa's mission** is to offer our customers the technology, systems and industrial services for the management of **the Integral Water Cycle**, positioning itself in the market, nationally and internationally, as a benchmark company in the sector.

Our hallmark is the **vocation** for **customer service** that is materialized in a personalized attention and the careful execution of the services provided.

Driven by the **satisfaction of our customers**, we work following the guidelines of an **integrated Quality, Environmental and CSR Management System** based on the **UNE-EN-ISO 9001, UNE-EN-ISO 14001 and IQNet SR10** standards.

Within our Expansion Policy, we have always considered **international activity** as a basic requirement for our **growth** and **consolidation**. We are currently established in different countries executing water treatment, potabilization and regeneration projects.

"Success requires agility and the drive to constantly rethink, revitalize, react and reinvent"

Bill Gates
